PROFESSIONAL EXPERIENCE

Bread and Roses Web Solutions

Full Stack Web Developer: April 2001 - present

Run a small web agency specializing in WordPress website development and digital marketing. Develop and design websites and web services for small businesses, nonprofits, newspapers, entrepreneurs and other clients. Interview clients about their web design needs. Explain scope of website and services as they pertain to their company and organization. Mock-up website design for clients, which typically involves pencil-on-paper, Photoshop design, or draft HTML pages. Create custom child themes based on CSS.
